Why Complex Two?

We're Local.

We're Green.

We offer Solutions.

We focus on Personalized Support.

You know there's technology that can help you take your business to the next level, but you're not exactly sure where to begin.

Let Complex Two provide you and your business with customized IT guidance, strategic planning, organization, and management for every aspect of your technology.

IT Director

Complex Two **IT Director** can provide your small-to-medium-sized business with the kind of top-notch, dedicated, professional IT direction

only previously available to large companies with budgets for full-time IT Directors.

Your IT Director will create a personalized and intuitive plan for your existing business technology and future business technology. This will help you more accurately forecast budget and technology needs while cutting excess from your current system.

Complex Two IT Director assists with:

- **Strategic Management and Planning**
- **Technology Roadmap Process**
- **Quarterly & Annual Service Reviews**
- **Hardware Lifecycle Review**
- **Business Continuity Planning**
- **Advanced Reporting & Analysis**
- **Forecast & Budget Assistance**
- **Technology Reviews & Development**

Let Complex Two provide you and your business with customized IT guidance, strategic planning, organization, and management for every aspect of your technology.

Complex Care

If your company depends on IT but doesn't have its own IT staff, you need more than reactive support. With Complex Care Packages, you'll get proactive, ongoing support, monitoring, management and planning.

Using the best tools and our own proven processes backed by an expert team of technicians and engineers, Complex Two Care Packages keep your IT on track for a fixed, flat fee. No more surprise bills or unexpected IT expenses, plus faster performance, fewer error messages and practically zero downtime. There are three Complex Care Packages to choose from:

Complex Care Lite

Monitors your server and ensures you're regularly maintained and up to date.

Complex Care Basic

Adds continuous preventative maintenance for your workstations and asset tracking.

Complex Care Plus

Integrates IT management, unlimited support, 24/7 helpline, spam control, backup, training and more.

Sure, most places will fix things, but Complex Care Packages are structured so that if something breaks, it's our problem, not yours. That's why we work even harder to create solutions that really work.

Complex Cloud & Cloud +

Complex Two is proud to launch Complex Cloud and Cloud+ Virtual Services; an integrated cloud network solution that makes it a reality for small- to-medium-sized businesses to simplify their technology needs and, well, 'forget about IT!'

Unlike traditional networks, there are no costly hardware purchases, upgrades, closets full of servers, or expensive electric bills. There's minimal setup and everything is maintained, secured, and backed-up 24/7. Complex Two will implement, manage, and monitor all cloud services to make sure you have the best experience possible. Meanwhile, quick and free support is always one local call away.

Complex Cloud package includes:

- Email/Calendar/Contact Mailboxes
- Secure Off-Site Managed Storage Space
- Website Hosting
- Document Management System
- Workstation Remote Monitoring
- Patch Management (Applying Critical Patches)
- User Desktop Antivirus Scanning
- User Email Spam Filtering
- Access to Our LOCAL Emergency Help Line

Complex Cloud+ adds:

- Workstation Support (Maintenance)
- Technology Roadmap Process
- Two Hours Free In-House Training Per Quarter

Managed Office

Managed Office Services consolidates the management of all your non-computer devices and offers you one local number to call for quick response to any problem that comes your way. Our expertly trained staff provides you with the equipment, maintenance, IT integration and full support, then adds useful features, like call forwarding to your mobile. Setup's a breeze, and we even offer training services for each device so

everyone benefits.'s no expensive hardware purchases or upgrades and everything's included in one low monthly rate.
